

BRING CREATIVITY & VITALITY
TO YOUR WORK SEATING

OFFICE SEATING FOR YOUR CUTTING WORKING STYLE.

BOSS series is convincing sitting comfort and elegant design. The carefully selected material and solid upholstery structure guarantee many years of stability and durability. The backrest, as well as the depth and angle of seat individually adjust to your personally sitting habits when you shift your body weight. You feel these advantages as soon as you sit down. You will finally find the comfort which you have earned.

Multiple locking knee tilt mechanism provides progressive reclining angle for seating comfort.

Elegant wooden armrest made of durable material to provide firm arm support and comfort.

The unique imported knee-tilt synchronized adjustment mechanism ensures maximum lumbar support spine.

Aesthetically designed wooden base provides strong support.
