

future at work™

CASCO office chairs complement an inspiring corporate impression with their fascinating designs, lining and contour. An all-new unique creation in leather and fabric finishes supported with ergonomic features for optimal comfort and concentration.

Naturally comfortable and ergonomically smart operation

Knee-tilt mechanism is incorporated into CASCO series for ultra ergonomic comfort.

The innovation 5 locking position, anti-shock, knee-tilt mechanism grants extra control to the user to cater to various seating postures. The technology ensure that the chair is always supporting the user's spinal and lumbar area.

PP armrests ensuring arm support comfort.

Die-cast aluminium base guaranteed for durability and strenght.
